PROFESSIONAL SUMMARY

BCA graduate with hands-on experience designing, building, and testing responsive web applications and AI-integrated tools. Strong foundation in object-oriented programming, data structures and algorithms, and the full software development lifecycle. Quick learner who adapts readily to new technologies, collaborates effectively in team settings, and is committed to writing clean, well-documented, maintainable code.

TECHNICAL SKILLS

- Programming Languages: Java, C, C++
- Web Technologies: HTML, CSS, JavaScript, Bootstrap
- Databases: MySQL
- Core Concepts: Object-Oriented Programming (OOP), Data Structures & Algorithms, Design Patterns, Problem Solving, Software Development Life Cycle
- AI & Emerging Tech: Generative AI, Large Language Models (LLMs), Prompt Engineering, AI Integration
- Tools & Version Control: Git, GitHub, GitHub Pages, VS Code

PROJECTS

HireFlow – AI Recruitment Dashboard (Prototype)

2026

- Engineered a prototype AI-powered recruitment dashboard that streamlines end-to-end candidate management for recruiting teams.
- Built resume parsing, AI-based candidate matching, job posting management, applicant tracking, and automated email workflows to reduce manual screening effort.
- Designed a clean, responsive user interface, prioritizing usability and an efficient recruitment workflow.

Personal Portfolio Website

2026

- Developed and deployed a responsive portfolio website with light/dark mode support using HTML, CSS, and JavaScript.
- Implemented a functional contact form and resume download feature to improve visitor engagement.
- Deployed and maintained the live site on GitHub Pages.

College Platform

2025

- Built a full-stack web platform to streamline academic management and communication among students, faculty, and administrators.
- Developed modules for attendance, assignments, study materials, notices, timetables, and student records, backed by a MySQL database.
- Designed a secure, user-friendly interface by applying core software development principles and OOP practices.

Tech Stack: HTML, CSS, JavaScript, Bootstrap, MySQL, VS Code

EDUCATION

B.C.A. (Bachelor of Computer Applications)

2023 – 2026

Mahatma Jyotiba Phule Rohilkhand University (MJPRU), Uttar Pradesh

Class XII — Uttar Pradesh Board

2022 – 2023

Class X — Uttar Pradesh Board

2020 – 2021

CERTIFICATIONS

- EAB – Generative AI for Proposal Generation
- Electronic Arts – Software Engineering Job Simulation
- LinkedIn – Generative AI
- Explore Digital Technology
- Introduction to Large Language Models (LLM)

Languages: English (Fluent) • Hindi (Native)
